PROGRESS REPORT 5

Team Anki

Dillon Gee, Jazmynn Daos, Kyla Lamontagne, Vamsi Koduru, and Wilbur Chen

What we did this quarter

- Elicit requirements from client
- Help customer develop their vision
- Create mockups
- Set up server/database
- Code Upload/Download/Account capabilities on website

Main challenges

- Lack of experience with servers and frameworks
- Requirements unclear/changing

Greatest Achievements

- Technical
    - Upload/Download/Account capabilities
- Non-Technical
    - Agreed to not hesitate in asking questions, no matter how embarrassing.

Most Important: Technical

- How to use a framework aka RoR

Most Important: Non-Technical

- If you don't know something, **ASK!!!!!**

Summer Plans: Group

- Prepare for August prototype
  - User Accounts
    - register, login, logout
    - user association
  - Upload,Download
  - Sorting Capabilities
    - categorical organization
  - User Testing

Summer Plans: Individual

- Communicate
  - Teammates
  - Clients
- Personal tasks
  - Code
  - Do user tests

Fall Quarter: Group

- Receive feedback from new med students
- Code and implement moderators
  - Best card sorting
  - Communal decks

Thank you
